- If a student is **leaving the school early** the parent/guardian **must have a signed note in the diary explaining the reason for this**. This note has to be signed by the class teacher during morning registration.
- **Students are not allowed to leave the premises with anyone other than a parent unless a prior arrangement has been made with the college.**
- In the event of a student becoming ill/ or having to leave school urgently, **the student must present themselves at the office and call home from the school as mobile phones are not permitted.**
- If you need to collect your child at very short notice, please ring the school and arrangements can be made.

In the morning, due to the large volume of traffic parents are asked not to enter the college grounds when dropping their children off. Students are asked to be dropped off at the school gate to ensure the safety of all students. Likewise, in the evening parents are only permitted to park in the basketball court to ease congestion and for safety. The road leading to the back of the college must be kept clear at all times for emergency access. Your co-operation is very much appreciated on these matters.

Yours sincerely
